SimplyOnline

Project-Name	SimplyOnline
Team-Name	New York Knicks
Project-Description	- The "SimplyOnline" web application aims to simplify the process of online classes. - This application enables lecturers to connect with students online and simplifies the attendance tracking using facial recognition technology. - Attendance can be automatically marked when the lecturer chooses to do so, which is particularly useful in large classes.
Benefits	- In online classes the process of marking attendance manually takes significant amount of time. This time can be saved using auto attendance system. - Lecturers can create rooms and connect with students seamlessly.
